SAVING LIVES. PROTECTING ASSETS

I GHOST

Designed and developed with the **latest cutting-edge technology and innovative engineering principles**, Ghost offers impressive mobility and situational awareness, making it an ideal choice for any mission in even the most demanding environments.

The **Ghost** is the ultimate agile fortress with excellent occupant safety, and the vehicle's rugged commercial driveline, **available in 4x4 and 4x2**, ensures ease of maintenance and full lifecycle support. The addition of a powerful air conditioner makes it suitable for any climate.

Ghost's small turning circle and ability to fit into a **standard 6m shipping container** make it an ideal choice for both urban and remote environments.

4x2 AMT	96kW / 330Nm
4x4 Automatic	196kW / 706Nm
Brakes	ABS
Max Speed	120km/h
Low range	On all 4x4 Models
Width	2488mm
Height	2473mm
Length	5944mm
Fording Depth	1000mm
Ground Clearance	335mm Under Axle
Approach	42°
Departure	38°
Side slope	30°
Gradient	70°
Turning Circle	14m
Air Conditioner	13kW
Seating Capacity	1+11
Protection Level	B6 (Upgradeable)

MODULAR DESIGN

Ghost's modular design allows for easy transformation to different roles, while advanced armoured materials provide superior ballistic and blast protection in the vehicle's weight class. With the ability to carry up to 12 crew members in comfort and with ease of access through multiple entry points, the **Ghost** provides a reliable and practical solution for any operation.

| SUPERIOR ARMoured PROTECTION

Choose the **Ghost** for superior armoured protection and reliability in any armed conflict. Available in both right and left-hand drive configurations, the **Ghost** is a practical and versatile choice that can navigate any mission with ease.
